

Recombinant Monkeypox Virus Protein

Certificate of Analysis

Catalog No.	MVPB6R
Lot No.	_____
Concentration	_____
Expiry Date	_____
Description	Recombinant Monkeypox Virus Protein (B6R)
Molecular weight	45.7KDa, theoretically
Gene Name	B6R
Tag	N-TrxA; C-6his
Format	Purified, liquid
Source	E.coli
Purity	>90% (SDS-PAG)
Buffer	1×PBS, pH7.4
Storage	Store at -80°C for long term, less than one month at 2°C to 8°C. Avoid multiple freeze/thaw cycles.
Intended use	Suitable for use in ELISA, CLIA, CMIA and Rapid Test (POCT).
Note	For research or further manufacturing use only. Centrifuge before opening to ensure vial contents are completely collected.
